FMCSA-01-9800-10

People w/ diabetes should not be discriminated against for commercial driver's licenses. They should be given individual health assessments, rather than being unfairly denied a job. A new policy that includes a 3 year rule is still very unfair to ~~xxxx~~ new drivers who are good drivers and very capable of holding a commercial license. They should be evaluated solely according to their driving record and not because they have this unfortunate disease.
