Docket # FAA99-5926-7
400 Seventh Street, S.W.
Washington, D.C 20590

I am writing in regard to air flights over the Grand Canyon!

Please restore the natural quiet to the Grand Canyon National Park by creating and following with enforcement - no fly zones and other restrictions on air travel.

Please ban all flights below the rim.

Reduce the air tours at least to satisfy existing laws.

Please close the Dragon Corridor which impacts so many trails.

Keep air tours away from areas of high visitation.

One experience of the park should not intrude on another. Most people come to hear the sounds of nature - not airplanes.

This includes related areas like Lake Powell Area and Marble Canyon.

Thank you for your consideration of this matter.

Sincerely,

Shirley Henson
