Dear Sirs:

DEPT. OF TRANSPORTATION
DOCKETS

00 FEB -3 AM 8:08

This letter is regarding DOCKET FRA-1999-6439 ETH. RAILROAD CROSSING HORNS ETC.

I just want to say briefly that my comunity is supposed to be at (QUIET ZONE) and ever since intermodel freight really got big about two years ago. These sons of bitches blow them damn horns at all hours of the ~~no~~ night with no regard. ~~of~~ for anyone.

The issue here is quality of life and property values both of with such because of the norfolk + western railroad

Sincerely

Jim Cyman
