Dear Sir or Madam,

In 1996 Congress passed a bill stating that scheduled passenger service could not operate at an uncertificated airport, such as Centennial airport in Denver, Colorado, with aircraft of more than 9 passenger seats. The FAA would

like to exempt 10-30 passenger scheduled charters from the proposal.

This would save a negative impact on our quality of life as we, and many others, have lovely homes near Centennial airport.

We appreciate your prompt attention regarding this matter. Thank you.
