Golden Valley, N. Dak.

OST-00-8013-25

Dear Maam,

I am responding to the question of changing from Mountain to central time If we go to central time, there are very numerous conflicts. Church for one, the Church I go to is on Mountain time in Halliday N. Dak. in Dunn County. I am a farmer with cattle and make a large amount of hay. Where do we go for parts when the implement dealers close one hour earlier in the middle of the afternoon I work from early morning until dark, and with central time I will be working almost all night. Another conflict is school, I have nieces and nephews going to school.

Grade school is in Dodge N. Dak. in Dunn County and will be on Mountain time, the high school is in Golden Valley N. Dak in Mercer county if we change it would be on central time, the same buses transfer these children to both schools and the time change would not work.

I'm hoping we will get enough response [illegible] so that we can

which our Dear Fred gave us and we dearly appreciate.

Sincerely Yours

Leroy Flemmer
