Golden Valley N.D
Oct 11. 2000.

To whom it my Concern.
Just a short note - to let you know I do not approve to central time in our part of the state.
I have lived in the M. time Zone all my live I do not want the change.
I dont want to go to bed when the sun is shining and get up in the dark the whole year round.
They call it d. L.S. time But you have to get up with the light. To me that is not saving anything
How about the school kids - go to school in the dark + be out of school in the middle of the afternoon.
Why not try and push M.S.T. east instead of west all the time. How many times have we voted that down already. Or dont our Votes Count
Has the D.O.T. the power to

change the time. Even if the people don't want it.

When we have to go to the Central Time Zone to see a Dr. I always say, when I make the appointment "your time or my time." I have never once missed an appointment.

So Please let us keep our M.S.T.

Yours truly
Pauline Sutton
