SUBJECT: Docket #: OST-200-8013-37

DATE: 10-10-00

MESSAGE: I'm am writing to comment on the proposed time change in Mercer County, North Dakota. My husband, Marty, and I would both like the time to be switched to Central Time here in Mercer County. Marty works at a plant that goes off of Central Time, so we constantly have to be figuring time zones. Also, when we travel to Bismarck and Minot, which we do quite often, the time zone is always a problem. I've been having to make Dr. appointments for over two years now in Bismarck & the time factor is always a problem. ~~because~~ Please - hear us. Thank-you for this consideration.
