Golden Valley, N. Dak.
Oct 25-2000

Dear Sir,

I'M writting to you regarding the time change in Mercer County.

We are farmers & we do want Mountain time to stay, because when we need repairs in the afternoon the repair shops are still open an hr longer, were if we went on Central time, they would be closed & hr earlier & we still have daylight left.

We also feel that the school children are getting on the buses early enough. let them get on the buses at daylight & not when its still dark outside, especially in the winter when its stormy outside its much harder to see the road when its dark then in the daylight.

Golden Valley & Dodge schools are combined, how would that work if Golden Valley were on Central time & Dodge were on Mountain time. So lets keep Mountain time in Mercer County

Thanks
Elizabeth Fandrich
