129448 FAA-01-8690-6

I Am writing in Reference to Docket # FAA-2001-8690. Regarding overflights of National Parks. I support any Regulations that limit or eliminate scenic overflights. They are a pastime that serve only the wealthy while destroying the overall peace & wilderness experience of folks on the ground - 10 or 2 flights a day is something but to be in Glacier Park in July or August is to hear a helicopter every 5-10 minutes it's just plain ridiculous. I go to Glacier to get away from that kind of nonsense.

Thanks,

Bob Jellison
