RE: NO ON PROPOSED RULES FOR MEXICAN TRACTOR-TRAILOR RIGS ON US HWYS.

1. I read on the front page of the San Diego Union Trib of MAY 2, 2001 that proposed DOT Rules will waive safety checks for 18 months for Mexican Tractor-Trailor Rigs.

2. As I live in San Diego and will be impacted by this on a dailey basis, I want to ensure that All trucks on the Hwys I drive are at the same high standard.

3. Therefore, I stand in STRONG OPPOSITION TO THE PROPOSED RULE AND RECOMMEND implementation of a rule that requires Mexican Truckers to opperate under the same restrictions as US truckers.

4. DON'T dumb down current safety regulations

5. Ensure US truckers & Mexican truckers operate under the same set of rules.

Sincerely

5/2/2001
