A10:03

Dear Mr. Landis:

The Bowling Green State Transportation Center respectfully supports the petition filed by J. B. Hunt Transport, Inc. of Lowell, Arkansas relative to the Commercial Driver's License (CDL) requirements in 49 CDR Part 383.

Please review the petition as filed by J. B. Hunt on September 28, 1992. Such amendments to the regulation would be very beneficial to our graduates of this Truck Driver Training Program which is operated by KY Tech Southern Region.

Your consideration and support of this petition will be most sincerely appreciated by all associates with the school.

If you desire additional information and/or support, please contact me.

Respectfully,

Bob Bierman
