RE: Hours of Service Regulations

Item 6 - my drivers feel very strongly that a re-start provision after 24 consecutive hours off is a great idea to encourage safety while allowing drivers to make a decent living.

Item 17 & 18 - my drivers feel that it is not fair to them to have them log hours when they are driving a CMV for personal reasons. ie: to motels or restaurants to or from the work reporting/releasing location and the drivers residence.

Item 23 - periods of less than 2 hours in the sleeper berth not count toward the accumulation of minimum off-duty period.
