

I am interested in finding why the dept of highway patrol can single out just trucks to go after, according to all signs on side of highway says trucks and cars with trailer 55. Yet cars, motor homes, pickups, hook up to boats, trailer houses, cars, and utility trailers, they are passing us some times as fast as 70 miles an hour. we also are required to drive only 10 hours and then get some time off for sleep, but in L.A. county they have nowhere to stop no rest areas, and if we pull over to sleep on side of road we are told to can not park there , or even given tickets. But if we keep going we are also,subject to log book violations. We are singled out for special treatment,they ly-in wait, waiting for just trucks to do anything, they put up (NO PARKING) signs any place where we can park, and any place where we might have room to park to get something to eat, car can go into parking lots to eat we can't. What are we supposed to do? Are we supposed to take this abuse form state and local law enforcement agencies? I would like to know when we can be treated like descent humans, we are treated worst than animal, we are not given any rights only rules and regulations to go by, and insulated by highway patrol commissioner calling us clowns. I feel we should have right as we carry all items used in the world to these same people they are stopping us from having rights. (I HOPE SOME ONE WILL LISTEN) We would like the same rights as cars with a five mile leeway

SINCERELY,

William hank
