

UNITED STATES OF AMERICA
DEPARTMENT OF TRANSPORTATION
OFFICE OF THE SECRETARY
WASHINGTON, DC

Issued by the Department of Transportation on November 12, 2002

NOTICE OF ACTION TAKEN -- DOCKET OST-97-3124

This serves as notice to the public of the action described below, taken by the Department official indicated (no additional confirming order will be issued in this matter).

Application of DELTA AIR LINES, INC filed 9/18/02 to:

XX Renew and amend, for two years, exemption under 49 U.S.C. 40109 to provide the following service:

Scheduled foreign air transportation of persons, property, and mail between any point in the United States and any point in Peru, via any intermediate point to any beyond point.¹ Delta also requests authority to combine service on this route with all other Delta services authorized by existing certificates and exemptions.

Applicant rep: Robert E. Cohn, (202)-663-8060 DOT Analyst: Keith A. Glatz, (202)-366-3260

DISPOSITION

XX Granted (subject to conditions, see below)

The above action was effective when taken: November 12, 2002 through November 12, 2004 or until 90 days after final action on Delta's certificate application in Docket OST-99-6246, or whichever occurs earlier.

**Action taken by: Paul L. Gretch, Director
Office of International Aviation**

XX The authority granted is consistent with the Multilateral Agreement on the Liberalization of International Air Transportation to which the United States and Peru are parties.

Except to the extent exempted or waived, this authority is subject to the terms, conditions, and limitations indicated: **XX** Holder's certificates of public convenience and necessity

XX Standard exemption conditions (attached)

Conditions: The route integration authority granted is subject to the condition that any service provided under this exemption shall be consistent with all applicable agreements between the United States and the foreign countries involved. Furthermore, (a) nothing in the award of the route integration authority requested should be construed as conferring upon Delta rights (including fifth-freedom intermediate and/or beyond rights) to serve markets where U.S. carrier entry is limited unless Delta notifies the Department of its intent to serve such a market and unless and until the Department has completed any necessary carrier selection procedures to determine which carrier(s) should be authorized to exercise such rights; and (b) should there be a request by any carrier to use the limited-entry route rights that are included in Delta's authority by virtue of the route integration exemption granted here, but that are not then being used by Delta, the holding of such authority by route integration will not be considered as providing any preference

¹ Delta requests to broaden its existing Atlanta-Lima exemption (See Notice of Action Taken November 22, 2002 in this Docket.)

to Delta in a competitive carrier selection proceeding to determine which carrier(s) should be entitled to use the authority at issue.

On the basis of data officially noticeable under Rule 24(g) of the Department's regulations, we found the applicant qualified to provide the services authorized.

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) our action was consistent with Department policy; (2) grant of the exemption authority was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within seven (7) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.
