Carthage, MO 64836

Re: Request for Correction

Dear Ms. Vento:

This letter is in response to your November 19, 2002 request for correction which you submitted to the Department of Transportation (USDOT). Your request was referred to Bureau of Transportation Statistics (BTS). In your e-mail, you indicated USDOT had posted incorrect information concerning your parent company (Dyno Nobel) in "Safe Stat" which appears at <http://www.ai.volue.dot.gov>. In your request, you stated that a Safe State Summary (OH-2001-132-US0482) was incorrect in that it reflected that Dyno Nobel had been cited for a motor carrier safety violation when in fact, Dyno Nobel Transportation, Inc. was the company that received the citation.

BTS does not have responsibility for the Safe Stat program or database, therefore BTS can not take the action you requested in your e-mail. BTS believes the Federal Motor Carrier Safety Administration (FMCSA) should review your request and therefore, I am forwarding your request to FMCSA. You should receive response from FMCSA. If you do not receive a response from FMCSA, please contact Patricia Savage at (202) 366-0077.

If you have any questions concerning this letter, you can contact me at (202) 366-5498 or [robert.monniere@bts.gov](mailto:robert.monniere@bts.gov).

Sincerely,

A handwritten signature in black ink that reads "Robert A. Monniere".

Robert A. Monniere
