- 35

I think it is **very** essential that a photo ID be presented along with the pilot certificate too when asked upon. I **am** strongly of the opinion that **there** should be some **way** of determining the immigration status of the pilot/flight instructor along with **his/her** authority to **work** in the **US too**. **Although** this could **be** a little difficult to do, but it is something that should really be looked upon.

Nitin  
(Cert. No. 2618530CFI)
