**Docket No. FAA-1998-4654, Special Federal Aviation Regulation No. 36,
Development of Major Repair Data**

The National Air Transportation Association (NATA) represents the interest of over 2000 aviation businesses nationwide including operators of aircraft utilized in on-demand air charter under the requirements of FAR Part 135 and domestic repair stations certificated under 14 CFR Part 145.

The Association does not object to the Federal Aviation Administration's proposed changes to SFAR 36 as published in Docket No. FAA-1998-4654. NATA supports the proposed termination date of January 23, 2004.

Sincerely,

Andrew V. Cebula
