To: 9-NPRM-CMTS
Priority: Normal
Subject: regulation on privacy

99 MAY -5 AM 8: 52

AS much as it may help you actually focus in on potential dangerous criminals, investigating people as your new plan suggests is more likely to bring on an Orwellian scare of airports. I, for one, would certainly consider other methods of transportation that invaded my privacy just a tad less than the proposed secret computer programs.
