RE: Procedures for Transportation Work Place Drug
and Alcohol Testing Programs

Dear Sir/Madam:

The **Broward** County Aviation Department offers the following comments as it relates to the above mentioned Federal Register,

- **Airside** employees are not required to have a CDL.
- **Airside** does not have any contracts with companies that would require their employees to have a CDL.
- Reference the "stand-down" policy, we support this policy for any County employee and for any contracted company employee who has **airside** access.

Feel free to call me if you have any questions.

Sincerely,

Marjan Mazza, MBA
Assistant to Aviation Director

MM/sb
