

IN REVIEWING THE ST-1 DOCUMENT I BELIEVE THE REGULATIONS SET FORTH WOULD INCREASE SAFETY OF TRANSPORTATION OF RADIOACTIVES. I LIKE THAT PLACARDING WOULD BE REQUIRED FOR ALL VEHICLE SHIPMENTS INSTEAD OF JUST FOR YELLOW-III LABEL. I THINK THE PACKAGING OPTIONS WILL SAVE MONEY FOR MY COMPANY IF I NO LONGER HAVE TO TEST A TYPE A WHICH IS CURRENTLY REQUIRED FOR SOME OF OUR MATERIALS. IT WOULD MAKE COMPLIANCE A LOT EASIER IF THE REGULATIONS WERE HARMONIZED REDUCING THE LIKELYHOOD OF MISPACKAGING BY DIFFERENT REGULATIONS.
