To whom it may concern:

I am enclosing the information you requested regarding the "Notice of Proposed Rulemaking". In 1999 we had a total of 292,468 arriving and departing passengers at our small airport. I have a small security screening operation and I believe that I would be at a distinct disadvantage relative to larger entities due to disproportionate cost impacts. My company's ability to stay in business would certainly be imperiled by any increase in costs.

Airline Security has five quality employees and there is very little turn over. All my employees take their jobs very seriously and go the extra mile in service and training.

It is my hope you will take into consideration the plight of my company and all small companies.

Sincerely,

Rosemary Qualls - Holgren
