Rules Docket  
U.S. Department of Transportation  
400 Seventh Street SW  
Washington, DC 20590

Dear Department:

As a strong proponent of deregulation and the **free** enterprise system, I support the Wendell H. Ford Aviation Investment and Reform Act for the 21<sup>st</sup> Century (the "Air 21 Act"), which should increase competition among air carriers. I also understand that as a result of the passage of this Act, Frontier Airlines has formally applied to provide nonstop service between Denver and Washington DC.

If Frontier receives the authorization to provide service to **Ronal** Reagan National Airport, Colorado consumers will benefit from having this additional choice of air carriers. Because of Frontier's affordability, reliability, and friendly service, I would personally choose to fly Frontier to our nation's capital.

Please carefully consider the benefits of approving Frontier's request to obtain one of the additional slots to **D.C.**

Sincerely,
