Central Time

00007-6 10 1: 10

There is a great need for Central Time in Mercer County. We need to have all the businesses operate on One time zone. All of the plants and West River Telephone work on Central Time already and we need to get everyone together. I go to work at 7:00 o'clock in the morning because we deal with Bismarck and Minneapolis for many of our projects. Central Time would allow all of us to come to work at 8:00 A.M. Oliver County has shown us a wonderful example of Central Time working for the people and the businesses in the area. We are right next to them and it would just make it easier for everyone to do business.

Please seriously consider our predicament when trying to go to the doctor in Bismarck, always trying to figure out which time is stated and adding or subtracting an hour. Makes for many missed appointments. There is a vast majority of people going to doctors and dentists in the Bismarck area. Even to the Minneapolis for many tests and operations. We would just have one less distraction.

The majority of the people of Mercer County have voted for Central Time and now we are counting on you to help us achieve our goal.

Thank You

Mary Ann Schutt
