Washington, DC 20590-0001.

Docket number FAA-2000-8460 - 15

Dear Sir:

It is incumbent on me to issue a statement of proprietary intent on Docket number FAA-2000-8460. Such statement is done without predigest and or malice to the party, and or parties, that precipitated the original concept. Given the language of presentation in the legal text, and the content of the meaning in the simple text, the text becomes convoluted and the intent is lost in the language.

“KISS” KEEP IT SIMPLE SAM
