

What I went through at 19 years of age to drive a tractor trailer, as long as the person is supervised at the highest rate and for a year into experience, age 19 would be my recommendation, not 18.

Give a permit for driving with license drivers ONLY for the first year.

I believe strongly that it takes a special person to put up with the stress on our nations highways today. The put them behind the wheel and teach them, pay them and show them what trucking is all about.
