

I am AGAINST allowing 18-year olds to drive semi/tractor trailers rigs. It requires a discipline and maturity that most 18 year-olds do not have. Semis can be lethal weapons in the hands of those without the mental maturity to handle them. I agree that becoming a specific age such as 21 or 25 does not give a person automatic maturity, but there is an ocean of difference between the years of 18 and 21 and 18 and 25. Please, reconsider this act, for the sake of America's youth. Thank you for your very thoughtful consideration of this matter.
