To: Docket No. FAA-2000-7953, RIN 2120-AG37 - 2 |  
Licensing and Safety Requirements for Launch

From: Joseph A. Hawkins, AST-2  
Deputy Associate Administrator for Commercial  
Space Transportation  
Federal Aviation Administration

Re: Description of communication with commenters

On May 29, 2001, the Associate Administrator for Commercial Space Transportation informed a number of the commenters to this rulemaking that the FAA would issue a supplemental notice of proposed rulemaking. The commenters at that meeting included The Boeing Company, International Launch Services, Kistler Aerospace Corporation, Lockheed Martin Corporation, Orbital Sciences Corporation, and Sea Launch Company.
