Subject: American Airlines and British Airways alliance. [DTC200108250000030122145]

Dear Secretary Mineta:

I am a Miami based employee of American Airlines. The purpose of this email is to show my support for the American Airlines/British Airways alliance. As you know, a number of U.S. airlines and their transatlantic partners enjoy antitrust immunity and codesharing rights, while American Airlines and British Airways are prevented from offering similar benefits.

This alliance will help to foment the creation of new jobs in South Florida which are vital to the local tourist economy of our State. For this reason I urge you to support the American Airlines & British Airways Alliance.

Sincerely,

Justo R. Mendez
