The blanket discrimination policy which does not allow those with Diabetes must be stopped.

- * People with diabetes shouldn't be automatically discriminated against just because they have diabetes!
- * People with diabetes who are applying for commercial drivers' licenses should undergo individual health assessments rather than being unfairly denied a job for which they are qualified.
- * Any new policy that includes the THREE YEAR RULE will still prevent anyone from getting a CDL.
- * The policy has affected my company's ability to hire and keep qualified personnel.
- * Diabetes, properly controlled has no effect on the performance of a job or in everyday tasks.

Please reconsider this discriminatory act.
