In accordance with Department rules (14 CFR Part 300), I am reporting the following oral communication.

On November 30, 2001, I spoke with Clint Highfill of Senator Tom Daschle's office. Mr. Highfill asked if I could provide him the latest procedural schedule for the American Airlines/British Airways application for antitrust immunity. I informed him that the Department had set December 11 as the date for answers to the application and December 18 as the date for reply comments.

I explained that we could not discuss the substance of the case, and that our discussion would be summarized and placed in the docket.

Please place this memorandum in the appropriate file and in the Docket.
