Subject: Amendment 25-106: Security Considerations in the Design of the Flightdeck on Transport Category Airplanes.

Dear Mr. Gardlin:

The Federal Register Vol. 67, No. 10 announced the notice of final rule; request for comments. We have reviewed the above document and are in agreement with its content and have no further comments to add. Transport Canada is committed to implementing these security design requirements governing transport category airplanes. Transport Canada will mirror these requirements by adopting them into our own regulations to further enhance air carrier security. We would like to thank the FAA for the opportunity to comment on your document.

Yours truly,

Maher Khouzam
Chief, Regulatory Standards
Aircraft Certification
