

I would like to express my support for switching the time zone in Mercer County from Mountain to Central. My reasons are very much the same as those who spoke in favor of this change at the meeting held in the Beulah Civic Center on 9/28/00. Our children will miss less time from school as they participate in sports and non-sport school activities. Most of our travel outside of Mercer County is into other portions of the state that are currently on Central Time. Reasons for our travel include: personal, medical, and work related. Thank you for considering my comments as you make your decision.
