Dear Mr. Nichols:

Thank you for your filing on the U.S. DOT Docket Management System on November 6, 2002 requesting the Federal Motor Carrier Safety Administration (FMCSA) to remove an inspection from our safety analysis of your operation. Based on the information you provided, the inspection occurred on October 18, 2002 in Broome, New York.

We have reviewed our records and found that inspection report number C004001544 was reassigned by the State of New York to Mosca Brothers Moving & Storage Inc. on December 10, 2002.

Concerning your request for us to update your SafeStat information, our standard procedure is to produce updated figures on a monthly cycle, generally during the first week of every month. When updated or modified data are received during a given month, they will be reflected in the next monthly update.

We appreciate your continued concern for the safe operation of your company's trucks and drivers.

Sincerely yours,
