**cc:**  
**Subject:** NPRM on False and Misleading Aircraft Parts Statements

Beverly,

Cougar Helicopter Inc. would like to register its support for Notice of Proposed Rulemaking (NPRM) published in the Federal Register on May 5, 2003 (68 FR 23808). We understand that the core of the NPRM proposes additional rules that would prohibit certain false or misleading statements regarding type certificated products, parts, and materials that may be used on type certificated products. We also understand this proposal would also allow increased inspection by the FAA of records and parts regarding the quality of aircraft parts.

This effort will only help move our industry to better quality safety and Integrity.

Regards,

*Rick Burt*  
*General Manager*  
*Cougar Helicopters Inc.*
