

after reading some of the coments on the exempion for werner enterprises as being a driver for over 7 years with werner i have to agree that the exemption should not be granted have contacted fmcsa a number of times in the last 3 years in regards to computer errors and recently about computer changing my driving time to on duty not driving. also mileages are in correct.the default system does not work properly.allows company to regulate drivers log.this system need to be looked at again and no exemption should be granted .
