Dear Mr. Beck:

This is in response to your February 12, 2004, letter in which you petitioned the Federal Aviation Administration (FAA) to amend § 135.427(a) of Title 14, Code of Federal Regulations (14 CFR), to correct a reference that you claim is an error.

We have established Docket No. FAA-2003-16692 for your petition. We have determined that your proposal brings up an important matter and we thank you for bringing it to our attention. We feel the best way to correct the erroneous reference in § 135.427(a) is to make a technical correction in concert with the Office of the Federal Register. This method will produce the changes you seek in the quickest manner possible.

As you are aware, you can view and track the progress of your request by accessing the Docket Management System via the internet at <http://dms.dot.gov>. If you have further questions about this process or the status of your project, you may call the Office of Rulemaking at (202) 267-9677.

Sincerely,

/s/
