

§ 659.29 Investigations.

This section should identify and distinguish between "FTA reportable" and "Non-reportable" events:

FTA Reportable Events: Those contained in 659.29 (a) (b) (c) (d)

FTA non-reportable events:

(a) The transit agency must report all events as required above to the safety oversight.

(b) The safety oversight must review, log, and track the events to determine possible repeats, trends, or patterns and notify the transit agency when this occurs.

(c) The transit agency must verify these conditions and respond in writing with corrective actions to the safety oversight.
