¹ In the amendment to its application, America West states that its authority to serve the Las Vegas-Mexico City market (authority previously granted in this docket), is dormant and that it does not seek to renew that authority here.

On the basis of data officially noticeable under Rule 24(g) of the Department's regulations, we found the applicant qualified to provide the services authorized.

Under authority assigned by the Department in its regulations, 14 CFR Part 385, we found that (1) our action was consistent with Department policy; (2) grant of the application was consistent with the public interest; and (3) grant of the authority would not constitute a major regulatory action under the Energy Policy and Conservation Act of 1975. To the extent not granted, we denied all requests in the referenced Docket. We may amend, modify, or revoke the authority granted in this Notice at any time without hearing at our discretion.

Persons entitled to petition the Department for review of the action set forth in this Notice under the Department's regulations, 14 CFR §385.30, may file their petitions within seven (7) days after the date of issuance of this Notice. This action was effective when taken, and the filing of a petition for review will not alter such effectiveness.
