Docket No. 18864

Prior to the publication of the September 15, 2004 notice of proposed rulemaking (NPRM) that proposed to incorporate the ES-2re dummy into 49 CFR Part 572, NHTSA submitted technical reports and other materials relating to the ES-2re dummy to Docket 17694. That docket related to a May 17, 2004 NPRM that proposed, among other matters, to use the ES-2re dummy in Federal Motor Vehicle Safety Standard No. 214 compliance tests.

Readers should refer to both Dockets 17694 and 18864 for agency materials relating to the ES-2re test dummy.
